## PIVOT

Advancing the interests and improving the lives of marginalized persons through law reform, legal education, and strategic legal action.

Pivot is a non-profit organization of lawyers, researchers, and community activists dedicated to defending the legal entitlements of the most disenfranchised persons in society - through litigation, law reform, and legal education.

All Canadians are entitled to receive equal protection and benefit under the law, but for many marginalized persons, the legal system functions as a treadmill rather than a vehicle of justice. Sex trade workers, drug users, and homeless people have seen little benefit from such protections

as the Charter and Human Rights Codes, due to lack of access to the legal system.

That is why the work of Pivot is so crucial. If you are moved by this production of the *Ecstasy of Rita Joe*, please consider supporting Pivot through a tax-deductible charitable donation to the Somerset Foundation. (Tax receipts will be issued for the full amount of the donation.)

**Pivot** - using the law to improve the lives of marginalized persons. Moving us all towards a more compassionate society.
